APPENDIX: Finish of Cross-Country Test Worksheet

(Worksheet)

Yellow

Item J - USPC Horse Management Worksheet - Finish of Cross Country Test

Upon completing the test, competitors should gradually pull up to a walk and present themselves to the HMJ or veterinarian. Then, under the supervision of the Horse Management staff, perform any preliminary measures needed for the comfort of the mount. If eliminated, competitors must ride or lead the mount to the vet box.

Upon return to the holding, THE CONDITION OF THE HORSE WILL BE JUDGED BY A VETERINARIAN THROUGH PERIODIC CHECKS. These checks typically include measurement of Pulse and Respiration, but may include other checks such as temperature, capillary reflux, and other checks at the discretion of the vet. In the absence of a veterinarian, the responsibility for monitoring the condition of the horse will shift to the Horse Management staff.

At the completion of these examinations, the competitor will be given permission to return the mount to the stable area.
