

Revised: 10/22/2022

**POLICY 0860 P VETERNAIRY CARE AND EQUINE MEDICATIONS**  
**PROCEDURES, AMPLIFYING INSTRUCTIONS AND GUIDELINES**

1. Medication is defined as any substance that is not water, salt, electrolytes, or a supplement and is not considered a normal foodstuff.
2. Any mount receiving medication for chronic conditions must have medications listed on their stall card.
3. Mounts requiring medications for acute conditions treated by a veterinarian, the competitor/parent, or owner, must coordinate with responsible party for the activity or Horse Management staff prior to administration.
