REPORT OF INDEPENDENT AUDITORS

To the Board of Governors
The United States Pony Clubs, Inc.
Lexington, Kentucky

Report on the Financial Statements

We have audited the accompanying financial statements of The United States Pony Clubs, Inc., (USPC), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of USPC, as of December 31, 2015 and 2014, and its changes in net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of The United States Pony Clubs, Inc., (USPC) is presented to assist in understanding the USPC's financial statements. The financial statements and notes are representations of the USPC's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Nature of Activities

The USPC is a non-profit organization incorporated under the laws of the Commonwealth of Kentucky. The USPC develops character, leadership, confidence, and a sense of community in youth through a program that teaches the care of horses and ponies, riding, and mounted sports.

Basis of Accounting

The financial statements of the USPC have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could vary from the estimates that were used.

Financial Statement Presentation

USPC's resources are classified for accounting and internal reporting purposes into funds established according to their nature and purposes. Separate accounts are maintained for each fund. The combined assets, liabilities, and net assets, after elimination of material interfund balances, transactions and transfers, are presented in the aggregate for purposes of these financial statements. Accordingly, net assets and changes therein are classified as follows:

- *Unrestricted-undesignated net assets* – net assets that are not subject to donor-imposed stipulations or USPC's designation, and used for various program expenses and general operating functions.

- *Unrestricted-designated net assets* – net assets subject to USPC's board designations.

- *Temporarily restricted net assets* – net assets subject to donor-imposed stipulations that may or will be met either by actions of USPC and/or the passage of time.

- *Permanently restricted net assets* – net assets subject to donor-imposed stipulations that they must be maintained permanently by USPC.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets occur when the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed and are reported as net assets released from restrictions between the applicable classes of net assets.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the Statements of Activities and Changes in Net Assets. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

Investments

Investments are stated at fair market value. Income derived from realized and unrealized investment gains and losses is included in the change in net assets and are reported as increases or decreases in unrestricted net assets unless otherwise restricted by explicit donor stipulation or by law.

Accounts Receivable

USPC's management analyzes the allowance for doubtful accounts annually. If the allowance is considered inadequate, the allowance and bad debt expense are increased when that determination is made. USPC deemed all accounts to be fully collectible at December 31, 2015 and 2014; therefore, no allowance for doubtful accounts is necessary.

Inventory

Inventory is stated at the lower of cost or market, using the average cost method which approximates actual costs.

Prepaid Expenses

Prepaid expenses consist of costs paid relating to the following financial year for items such as insurance premiums.

Property and Equipment

Property is stated at cost, if purchased, and at fair market value on the date of gift, if donated. Property with an individual cost of $1,000 or more is capitalized. Depreciation is calculated using the straight-line method over the assets' estimated useful life, ranging from three to thirty-nine years. Depreciation expense was $126,863 and $72,426 for 2015 and 2014, respectively.

Construction in progress consists of costs incurred on projects that have not been completed. USPC begins depreciating completed projects in the month they are placed in service.

Cash Value of Life Insurance

USPC is the owner of permanent life insurance policies that cover the lives of certain former key employees. These permanent life insurance policies have a cash surrender value. That cash value is carried on the balance sheet at the surrender value reported to USPC by the insurance carrier.

Deferred Income

Deferred income, consisting of membership dues, insurance, sustaining memberships, annual meeting, administrative fees, and other income, represents revenues collected in advance of the period or the event to which it relates.

Revenue Recognition

Membership dues and insurance are recognized as revenue in the applicable membership period. Initiation and club registration fees are recorded as revenue in the period when the applying club is approved. Championships and event fees are recorded as revenue in the period in which the event occurs.

Grants

Grants are recognized as revenue in the period when the award is made by the grantor and are recorded as unrestricted or temporarily restricted support based on the existence and nature of any grantor restrictions.

In-Kind Contributions

USPC may receive material without payment or compensation for the championships. Materials and other noncash donations are recorded at estimated fair value determined at the date of donation.

During 2015 and 2014, USPC received donated services. Volunteers plan, organize, and administer certain committees, activities, and the annual event. Because these services do not require specialized skills, they are not recorded in the financial statements.

Reclassification of Prior Year Presentation

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reported results of operations.

Recently Issued Accounting Standards

On May 28, 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606). The core principle of this new guidance is that "an entity should recognize revenue to depict the transfer of promised goods or services to customes in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services". On August 12, 2015, the FASB further amended this guidance and issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606), which deferred the effective date for all entities by one year. These new standards, which the USPC is not required to adopt until its year ending December 31, 2019, deal with the timing of reporting revenues from contracts with customers, and disclosures related thereto.

The USPC is presently evaluating the effects that this ASU will have on its future financial statements, including related disclosures.

Subsequent Events

USPC has evaluated events or transactions occurring subsequent to the statement of financial position date for recognition and disclosure in the accompanying financial statements through May 19, 2016, the date which the financial statements were available to be issued.

2. CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject USPC to concentrations of credit risk consist principally of cash deposits and investments.

USPC has a concentration of credit risk in that it periodically maintains cash deposits in a single financial institution in excess of amounts insured by the FDIC. USPC has not experienced any losses on such accounts and does not believe that it is subject to significant credit risk related to the accounts.

3. PROPERTY AND EQUIPMENT, NET

Property and equipment consists of the following at December 31:

	2015	2014
Furniture and fixtures	$ 231,018	$ 232,341
Computer equipment and software	587,336	570,336
Building and improvements	2,034,272	1,996,492
Construction in progress	18,800	18,800
Total property and equipment	2,871,426	2,817,969
Less accumulated depreciation	(1,155,072)	(1,058,114)
Total property and equipment, net	$ 1,716,354	$ 1,759,855

At December 31, 2015 and 2014, USPC has a software customization project in progress. The project was completed in February 2016 and the total costs will be reclassified from construction in progress to computer equipment and software and depreciated accordingly.

4. INVESTMENTS

Investments consist of the following as of December 31:

	2015	2014
Cash and cash equivalents	$ 295,722	$ 216,340
Fixed income mutual funds	781,317	822,942
Equity securities	2,279,797	2,198,139
Total investments	$ 3,356,836	$ 3,237,421

Investments are reported as follows within the accompanying statements of financial position:

	2015	2014
Current assets:		
Investments	$ 924,910	$ 851,406
Other assets:		
Designated investments	2,081,288	2,027,295
Temporarily restricted investments	350,638	358,720
Total investments	$ 3,356,836	$ 3,237,421

Investment income earned by these investments for the year ended December 31, 2015 is reported net of related management fees of $44,644 and net of investment foreign taxes of $862.

Investment income earned by these investments for the year ended December 31, 2014 is reported net of related management fees of $45,184 and net of investment foreign taxes of $883.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that USPC has the ability to access.

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- *Equity securities*: Valued at the closing price reported on the active market on which the individual securities are traded.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by USPC are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by USPC are deemed to be actively traded.

USPC's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels 1 and 2 during 2015 and 2014.

All of USPC's investments are in fixed income or securities of public companies that are measured using quoted prices in active markets. The following table presents the fair values of those investments at December 31, 2015:

	Level 1	Level 2	Level 3	Total
Large Cap Equity	$ 1,218,594	$	$	$ 1,218,594

6. LONG-TERM DEBT

The USPC has a loan for $368,624 at a fixed rate of 4.5% and is secured by the headquarters building. Monthly principal and interest payments of $3,836 commenced on March 15, 2012 and the loan matures on February 15, 2022. The principal balance as of December 31, 2015 and 2014 was $244,693 and $278,715, respectively. The carrying amount of assets pledged as collateral was $518,964 and $541,125 at December 31, 2015 and 2014, respectively. Interest expense was $12,010 and $13,524 in 2015 and 2014, respectively. Assets pledged as collateral are classified as property and equipment in the accompanying statement of financial position.

Future minimum principal payments as determined by subsequent payments and the refinanced loan agreement are as follows:

2016	35,759
2017	37,402
2018	39,120
2019	40,917
2020	42,797
Thereafter	48,698
Total	$ 244,693

7. BOARD DESIGNATED NET ASSETS

Board designated net assets consist of the following at December 31:

	2015	2014
Board designated reserve	$ 1,909,406	$ 1,623,695
Building fund	109,427	179,267
Relief fund	28,361	30,598
Insurance and equipment funds	278,793	328,541
Total board designated net assets	$ 2,325,987	$ 2,162,101

Board Designated Reserve – represents a board designated reserve for the purpose of providing program excellence. Specific revenue sources are allocated to the fund by the Board in addition to investment income.

Building Fund – represents a reserve designated for the purpose of improving and maintaining the national office headquarters building. Income for the fund is generated by donations restricted to this purpose and investment income.

Relief Fund – represents a board designated reserve whose use is determined by the Board of Governors.

8. BOARD DESIGNATED RESERVE

USPC has thirteen endowment funds that represent a board designated reserve for the purpose of providing program excellence. Specific revenue sources are allocated to the fund by the Board in addition to investment income. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

USPC has adopted a spending policy of contributing to operating expenses a maximum of 5% of the endowment fund's principal as calculated over the last rolling 12 quarters. The percentage may be amended by the Board of Governors. This is consistent with USPC's objective to maximize investment income of the endowment fund as well as to provide additional real growth through investment return.

To achieve that objective, USPC has adopted an investment policy that attempts to maximize total return consistent with an acceptable level of risk. The endowment fund assets are invested in a balanced mix of fixed income mutual funds, institutional money managers, or through direct ownership of individual securities that is intended to provide cash at a minimum of:

(1)One month reserve readily available
(2)Three months reserve available within seven days notice
(3)Remainder available within three months and invested in freely negotiable, low-risk, high credit quality marketable securities

Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the endowment fund to unacceptable levels of risk.

10. RENTAL INCOME

USPC leases office space and facilities to several local horse organizations. The leases are for a period of two to four years. The cost of the building leased by USPC is $1,131,355 with accumulated depreciation of $259,247 and $230,438 for the years ended December 31, 2015 and 2014, respectively. The carrying amount of the building as of December 31, 2015 and 2014 was $872,108 and $893,117, respectively. Rental income received in 2015 and 2014 totaled $91,946 and $103,400, respectively.

Future minimum rental income to be received for the years ending December 31:

2016	$	38,536
2017		18,429
2018		9,215
Total	$	66,180

11. RETIREMENT PLAN

USPC sponsors a defined contribution retirement plan (Plan) for all full-time employees who meet certain age and length of service requirements. The Plan permits eligible employees to make voluntary Section 403(b) salary deferral contributions. USPC's retirement plan expense was $8,411 and $9,043 in 2015 and 2014, respectively.

12. RELATED PARTIES

Contribution income for 2015 and 2014 included $21,177 and $29,228, respectively from members of the Board of Governors, Advisory Committee, and staff.

13. USPC INSURANCE PROGRAM

The USPC maintains liability and accident/medical coverage for their activities throughout the country. Coverage is provided by Specialty Program Insurors and is underwritten by ACE American Insurance Company. The United States Pony Clubs, Inc. and/or its individual registered member clubs, regions and regional officers, member board of governors, committee members, volunteers, regional supervisors, district commissioners, national examiners, advisors, individual members, technical delegates, judges, employees, and instructors are all covered for liability while acting within their capacity as such, under the direction of the national organization or an insured region or affiliated club. A portion of member dues is utilized to pay these premiums. The office fee charged for each location used for USPC activities also goes toward payment of these premiums.

14. COMMITMENTS AND CONTINGENCIES

USPC agreed to pay the survivor of a former employee or his spouse certain amounts following the death of either individual. To fund this agreement, USPC purchased insurance on the life of the former employee with the death benefit to fund the employee's annual payments of at least $4,500. The spouse was deceased as of December 31, 2007, so the maximum payout is currently set at $4,500 per year. The present value of the estimated future benefits payable under the terms of the agreement, based on normal life expectancy and eight percent earnings rate, is approximately $12,000 and is presented in accounts payable and other accrued liabilities in the statement of financial position.

15. INCOME TAX STATUS

The USPC is organized as a not-for-profit corporation under Section 501(c)(3) of the United States Internal Revenue Code.

As such, the USPC is generally exempt from income taxes. However, the USPC is required to file Federal Form 990 – Return of Organization Exempt from Income Tax which is an informational return only. The USPC is subject to routine audits by taxing jurisdictions. As of the date the financials were available to be issued, there were no audits for any tax periods in progress.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by USPC and recognize a tax liability if USPC has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by USPC, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements.
